Let's talk about website pictures...

- Each club has room for 2 pictures—a banner picture which measures 1800 X 600 pixels and a club image which measures 400 X 400 pixels. We'll resize the pictures for you.
- The banner picture is intended to be a group picture. The larger the picture we receive, the better. Pictures taken with a regular camera are best but phone pictures are fine if large enough.
- The club image, the smaller picture, is intended to reflect some club project or club fundraiser. Pictures from phones are fine. Send them as large, if you have a choice.
- Each club has room for individual pictures in the testimonials section and those will need to measure 400 X 400 pixels.
